### **Healthmark Industries Offers Gown with Thumb Loop**

Fraser, MI, September, 14, 2016 - Healthmark Industries has announced the addition of Gown with Thumb Loop to its Personal Protection Equipment (PPE) line.

OSHA's Bloodborne Pathogens Standard (29 CFR 1910.1030) requires employers to protect workers who are occupationally exposed to blood and other potentially infectious materials, which is why we've developed a single-use full frontal barrier gown for healthcare professionals.

The Gown features lightweight latex-free blue recyclable polyolefin that is manufactured in the USA. It is 4 mil thick that is 50 Inches in length and has full-length sleeves with a thumb loop cuff style, along with a tie back closure type to secure the garment.
